

Adam K. Cheong

(650) 300-9260

@ adam@cheong.net

adamcheong.com

Inventive high school student with a strong interest in biomechanical engineering and robotics; founding intern of robotics startup in San Francisco; winner of multiple STEM fair awards and a member of the Masason Foundation.

EDUCATION

2023–2027 Proof School, San Francisco, CA

AWARDS

March 2026 Honorable Merit, USA Biolympiad

Dec 2025 AIME Qualifier

April 2025 Cum Laude, National Latin Examination (Honorable Mention)

March 2025 Honorable Mention, USA Biolympiad

April 2024 Maxima Cum Laude, National Latin Examination (Silver Recognition)

POSTERS

June 2026 2026 Population, Evolutionary & Quantitative Genetics Conference

June 2025 25th International Worm Meeting, “Monte Carlo Simulation of Somatic Twist in Ancient Marine Worms”

Feb 2025 Junior Science & Humanities Symposium, “A Twist on Decussation”

STEM FAIRS

Nov 2026 International Genetically Engineered Machine (iGEM) Competition

March 2025 Fourth Place, Computational Biology. High School Division, Alameda County Science & Engineering Fair (ACSEF)

April 2024 Honorable Mention, Zoology. Senior Division, California Science & Engineering Fair (CSEF)

March 2024 First Place, Biological Sciences. 9th Grade, Golden Gate STEM Fair (GGSF)

April 2023 Honorable Mention, Applied Mechanics & Structures. Junior Division, California Science & Engineering Fair (CSEF)

March 2023 First Place, Engineering: Electrical & Mechanical. 8th Grade, Golden Gate STEM Fair (GGSF)

March 2023 First Place, Engineering, Technology & Application of Science. 8th Grade, San Mateo County STEM Fair

EXPERIENCE

Watney Robotics, San Francisco, CA (2023–present)

- Built server rack peripherals (using Onshape CAD)
- Assembled robot arm controller; trained ML models

VOLUNTEERING

- Student Volunteer, 16th Gathering 4 Gartner (‘26)

SOCIETIES & CLUBS

- BioCurious Lab / KLS iGEM Team (2026–present)
- Biomedical Engineering Society (2026–present)
- Genetics Society of America (2025–present)
- Dogpatch / Benchmark Climbing (2023–present)
- 24 Hour Fitness (2024–present)
- Clock Tower Music (2023–2025)
- Berkeley Math Circle (2015–2025)

SUMMER COURSES

- DATA C8, Berkeley Pre-College Scholar (Summer ‘26)
- CS 61BL, Berkeley Pre-College Scholar (Summer ‘26)
- CS 61A, Berkeley Pre-College Scholar (Summer ‘25)
- Game Theory, Johns Hopkins CTY (Summer ‘24)
- Engr. & Robotics Workshop, MIT (Summer ‘24)
- Logic, Johns Hopkins CTY @ UCSC (Summer ‘23)

QUALIFICATIONS

- **Skills:** Use Onshape CAD to build server rack peripherals, prototype wire harness of robot controllers, assemble robot arm controllers, solder circuit boards, assemble PC, train ML models.
- **Languages:** Latin (2 years), Japanese (limited phrases), Mandarin (limited phrases), Spanish (conversational, 6 years), English (native speaker).
- **Assessments:** SAT 1550 (760 EBRW, 790 Math); PSAT 1450 (700 EBRW, 750 Math); SCAT 484 verbal, 501 math, STB 625 (8th Grade); WISC-V 138 (7yo).

CERTIFICATIONS

- Biosafety Level 1 (BSL-1) safety training.
- PADI Advanced Open Water Diver certification.
- CPR, AED, and basic first aid certifications.
